

IN THE DRAWINGS:

Applicant submits drawings herewith to be in compliance with 37 C.F.R. 1.84 or 1.152. All the drawing figures being submitted herewith have been edited to remove any copy machine marks and are believed to be proper. Further, the character of lines, numbers and letters has been improved so that they are uniformly thick and well defined.

The figure legends have been renumbered so that they are more defined. Also, all of the numbers, letters and reference characters have been amended so that they are at least 1/8 inch in height. As requested in the Office Action, new corrected drawings have been substituted for the drawings that are presently of record. In compliance with the reverse side of form PTO 948, the Examiner is requested to approve these changes to the drawings.

Applicant does plan to substitute ink drawings for the drawings that are presently of record as soon as a Notice of Allowance is received.
